Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The apparatus and method for manufacturing a color filter, and an apparatus and method for manufacturing an electroluminescence substrate:

Upon further consideration, the prior art does not teach the claimed combination including a plurality of nozzles for ejecting a filter material in droplets, and a plurality of heads, each head having a plurality of nozzles linearly arranged with a constant layout pitch of (D), the plurality of heads are arranged to form a linear row of nozzles.

Further, the prior art does not teach the claimed combination including scanning a substrate by moving a table of a plurality of heads. Neither does the prior art teach the claimed combination including ejecting a functional layer forming material in droplets by a plurality of heads, each head having a plurality of nozzles arranged with a constant layout pitch of (D), the plurality of heads are linearly arranged to form a linear row of nozzles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
